

# External Release Note

## ICP.19.R1.85 (Version 85)

### Notes / Special Instructions:

This release contains the following work items:

Work Item Type	Title	Description
Change	Start a Discussion from the Tasks view	We have now made it possible to create a discussion from Tasks using an option under the Actions panel on the right hand side.
Change	Allow Privacy Officer to view a deleted document	For users with the Privacy Officer role who receive Document Deletion Notifications, we have added a link to the actual document that was deleted and the audit, in addition to the original information that comes with the document deletion notification.
Change	Enable encryption of DTA settings within session storage	We have enabled encryption of the DTA settings within the Session storage. This was disabled so we could release version of the DTA which would handle both the encrypted/decrypted settings
Bug	Has comments expander not working after adding a comment	We have fixed an issue where on a task where the 'Has Comments' option wasn't expanding if a task contained comments.
Bug	Report 'Workflow Templates' fails with an Object reference not set error	We've resolved an issue that was caused when running the report 'Workflow Template' from 'System Configuration'. This failed with an error 'Object reference not set'.

Bug	Edit Folders Page - Confirm button greyed out in Chrome	In the Chrome browser when you accessed the 'Edit Folders' page, when you made any changes to the folder list that would enable the Confirm button it still showed as if it's disabled. This issue has now been resolved.
Bug	Document History - Discussion audit missing icon and/or description	We have removed some icons in the audit that should not have shown.
Bug	Conflict warning screen been displayed when creating an item which is marked as inactive	The conflict screen has been removed when trying to create an inactive item.
Change	Carenotes: Deactivate patients when NHS Number is removed	For patients whose NHS Number is removed, they are now made inactive.
