**Notes / Special Instructions:**

This release contains the following items:

Jira Ref	Service Now Ref	Type	Title	Description
D10-707	LOGGED INTERNALLY	Change	Document Collections - No scroll bar to view if collections go off page	In the 'Document Collections' if you have multiple collections on the page a scroll bar was not displayed, this has now been resolved and a scroll bar is now visible
D10-636	LOGGED INTERNALLY	Change	Filing: 'Received Date' needs to be prepopulate with the date the document was received into Docman	The 'Received Date' field is now pre-populated so that users can be sure of when a document arrived into Docman
