Patch Fixes Since Release v235

Release 235.6 SQL Statement Update for READ2 Clinical Codes

Fix to SQL statement for READ2 Clinical codes – Release note supplied at time of release

What's New?

Batch Manager - Bulk Move Filter

Internal reference D10-13047

Description

User will be able to Filter documents included in the Bulk Move in batch manager, as an extension to the Bulk Select and Bulk Move enhancement in Release 235 which saves time and “clicks” when selecting and moving multiple documents.

Scotland – Patient Sync ODS Code Management

Internal reference D10-13080

Description

Scotland Patient Sync searches using both full and short ODS Code, so that patient data can be imported successfully regardless of whether a short or long ODS code is provided by Vision.

Defect Fixes

READ2 Code search generates MySQL error when using “.”

Internal reference D10-13207

Description

When user searches using the “.” E.g. “2887.” an error occurs. This has been remedied. Workaround whilst awaiting fix has been that the User can still search without the “.” to find the code.

Scotland: Captured Documents not moving to Filing Folder

Internal reference D10-12635

Description

Scotland sites - When a document is captured to a Filing Folder, the document count increases for the Folder it was intended to be filed to, but the document remains in Not In a Folder.

**Scotland: SCI Gateway Response Header Fix**

Internal reference D10-13217

Description

SCI gateway are correctly passing in the Content-Type as application/fhir+json, however the Response header is showing only as application/json.

**SCI Gateway: Include missing property in response for DocumentReference API call**

Internal reference D10-12750

Description

Include missing property in the API call for DocumentReference

**Scotland Autofiling - Batch bundle requests giving intermittent 504 "Endpoint request timed out" errors**

Internal reference D10-12504

Description

Resolve time out errors on batch bundle requests for Scoland Autofiling

**Patches option on DM10 toolbar doesn't work**

Case 23754678 | Internal references D10-12681 & D10-12647

Description

When selecting the Patches option on the Docman10 toolbar the DTA will error and fail to load the Patches URL with "Error: There was a problem collecting the PATCHS URL, please try again later".

Kind Regards, The Docman GP Team
