This release contains the following items:

JIRA ID	ServiceNow Ref	Area	Type	Title	Description
D10-1328	DFCT0011243	GP/RMS	Fix	Due Date Display the Day Prior	A fix was made to resolve an issue where in some instances the due date was being set as the day before the correct date
D10-324	N/A	GP	Feature	Notify Privacy Officer on Inactive Patient Access (GPIT)	A new feature was added so that whenever an inactive patient is accessed the Privacy Officer will receive a notification
D10-1312	N/A	GP/RMS	Fix	Merge Attachment Refresh	A bug was fixed where in filing, after merging attachments, the document wouldn't be refreshed. Now the document will be refreshed and display with the merged pages
D10-1317	N/A	RMS	Fix	Bullet Point Error When Copying into Merge Template	A bug was fixed where if a user copy and pasted bullet points from a pdf into a data field in a merge template an error would be displayed. After the fix if unacceptable characters are copied into the data fields they will be stripped out to prevent the error
D10-1340	N/A	GP	Feature	NHS Confidential Label on printed Documents (GPIT)	A new feature was added to include a label when printing documents that indicates a document is confidential.
D10-1355	DFCT0011237	GP	Fix	Registered Clinician with 20+ Characters	A fix was made where when using the Share API a registered clinician of 20+ characters was causing an error. This was caused by different validation criteria on the API vs the application. This has been amended.

D10-1359	N/A	GP	Feature	Vision User ID Linking	A new feature was added to allow Vision users to link user ID's to Docman User ID's
D10-1232, D10-1235, D10-1236, D10-1237	N/A	GP	Feature	SNOMED Updater	A new feature was added to handle updates to SNOMED. When SNOMED is updated all templates and predefined lists will be checked for any impact. If any codes that are in use have been made inactive the user will be prompted upon logging to resolve the issue via a new SNOMED page added to the Settings. Resolving all of the issues in this page will lead to the prompt on login ceasing. See screens below.
