Connect 125
Release Notes

Report created: 10/07/2020 10:30:00

Notes / Special Instructions: Although this release and future releases may contain work related to FHIR Transfer of Care, this functionality is not yet currently available.

This release contains the following items:

API

JIRA ID	SN/SF Ref	Type	Title	Description
N/A	N/A	N/A	N/A	N/A

Console

JIRA ID	SN/SF Ref	Type	Title	Description
D10-3604	N/A	Bug	Document Counts not loading	When logged in to the console as a customer, the document counts drop down do not load unless the user refreshes the page. A fix has now been applied which now loads the document count drop down as expected.
D10-3674	N/A	Bug	Inactive Orgs showing on collection creation	If a PCTI user created new inactive organisations and then attempted to setup a collection, the inactive organisation would show as an option. An amendment has been made to correct the filtering options provided on the collections page.
D10-3695	N/A	Bug	User Type Dropdown	A minor UI issue was noticed during testing where the user type filter overlapped the inaction dropdown. This UI issue has now been fixed and should now be aligned correctly.
D10-3725	N/A	Bug	Document List Filter Button	After setting filters on the documents list and clicking the filter button twice, all filters were cleared back to default. This is now resolved and no longer reverts to default filters.

Infrastructure

JIRA ID	SN/SF Ref	Type	Title	Description
D10-3820	N/A	Task	Automation testing	Placeholder for automation testing.
D10-3871	N/A	Task	Automation Scripting	Placeholder for automation scripting.

D10-3675	N/A	Task	Deploy the FHIR API	This task was created to allow time for the deployment of the FHIR API in Connect and to make sure everything is working as expected. This has now been complete with some help from DevOps and FHIR has now been successfully deployed.
