

Connect 92 Release Notes

Report created at: 12/04/2019 10:25:00 AM

Notes / Special Instructions: N/A

This release contains the following items:

JIRA ID	ServiceNow Ref	Type	Title	Description
D10-966	CUSTOMER REQUEST	New Feature	Search By Patient Name	<p>Within the Connect documents list new search feature has been added which will allow Connect users to search by patient forename and surname. With this new feature the patient name will now also show in the documents list.</p> <p>SCREENSHOT: 1 – Patient Name</p>
D10-1120	CUSTOMER REQUEST	Change	Removal of GUID in the Documents List	<p>Due to 'patient name' being added to the Connect documents list, the document GUID has now been removed to avoid cluttering of the list. Although the GUID has been removed from the documents list, The functionality to search the list by GUID will remain. The document GUID will still be visible within the document details page.</p>
D10-1070	INTERNALLY LOGGED	New Feature	DM7 Collections - Documents longer than 24hours email alert	<p>An email alert service has been created to make Docman 7 practices aware if they have documents awaiting collection on Connect, this applied if a practice has never collected before.</p> <p>The email will contain a link to instructions for opening and running the Docman 7 Scheduler, the collection name, number of documents waiting and finally the last connected time if the practice has previously collected from Connect.</p> <p>SCREENSHOT: 2 – Email Alert</p>
D10-1145	INTERNALLY LOGGED	New Feature	DM7 Collections – Auto-update endpoint active status	<p>When a Docman 7 practice collects from Connect for the first time, if the practice is in inactive status then Connect will automatically update the practice to active status.</p>
D10-554	INTERNALLY LOGGED	Bug	Export disabled if no results are returned.	<p>If no results are returned when applying filters on the Connect document list then the export button will not be available.</p>
