

Connect 98

Release Notes

Report created at: 05/07/2019 10:00:00 AM

Notes / Special Instructions: N/A

This release contains the following items:

JIRA ID	ServiceNow Ref	Type	Title	Description
D10-1377	n/a	Defect	Large file size increase when converting to PDF	An issue was identified when sending documents to MESH sites, after conversion to PDF the file size exceeded 16mb. A fix has now been applied and the output file size is now reduced to a suitable size.
D10-1379	n/a	New Feature	Add ability to Filter Console Users by Organisation	A new feature has been added to the Connect console which allows PCTI admin users to filter user accounts by organisation. Screenshot 1: Organisations
D10-1393	n/a	New Feature	Add created date to document list export	The document created date has now been included within the document list export. Screenshot 2: Created date
D10-1397	n/a	New feature	Connect documents – Ability to filter by groups	We have now provided the ability to filter documents based on groups configured against an organisation. This functionality is only available as a sender or PCTI user. Screenshot 3: Filter by groups
D10-1411	DFCT0011250	Defect	'Primary Group' column blank on User list	When configuring a user account on the Connect console we found that the default/primary user group that was assigned to the user wasn't shown in the 'Primary Group' column. An amendment has now been made to show the primary group in the correct user list column.

Screenshots/Test Evidence: N/A

Screenshot 1: Organisations

The screenshot shows the 'User Management' interface. At the top, there are filters for 'Inactive' (set to 'All'), 'User Type' (set to 'All'), and 'User Name' (with a search box for 'Username or Full Name'). To the right is an 'Organisation' search box with a dropdown menu. The dropdown is open, showing 'Inspire' and 'INSPIRE MEDICAL CENTRE' as options. Below the filters is a table of users with columns for 'Fullname', 'User Name', 'Type', and 'Inactive'.

Fullname	User Name	Type	Inactive
Adam Close	adamc	PCTI User	✘
Atique Mujahidy	Atique	PCTI User	✘
Automation Admin	AutomationPCTIAdmin	PCTI User	✘
Automation PCTI User	PCTIAuto	PCTI User	✘
Christian Baverstock	CHRISB	PCTI User	✘

Screenshot 2: Created date

The screenshot shows a data table with the following columns: Id, CreatedDate, LastUpdate, Guid, SourceTy, and SourceOr. The first row contains the following data: Id: 25445318, CreatedDate: 25/04/2019 09:08, LastUpdate: 27/06/2019 10:28, Guid: d775bf7c- Delivery, SourceOr: SEN5.

Id	CreatedDate	LastUpdate	Guid	SourceTy	SourceOr
25445318	25/04/2019 09:08	27/06/2019 10:28	d775bf7c- Delivery		SEN5

Screenshot 3: Filter by groups

The screenshot shows the 'Admin Console: Document List' interface. It features a 'Saved Filters' section with a dropdown menu set to 'System Errors' and buttons for 'Filter' and 'Reset'. Below this are several filter options: 'Service Status' (System Error), 'Document Status' (Ready), 'Archived' (Non-Archived Only), 'Sender Type' (Show All), 'Destination Type' (Show All), 'Sender Organisation' (Start typing to begin search...), 'Destination Organisation' (Start typing to begin search...), and 'Source Group' (Start typing to search...). The 'Source Group' filter is highlighted with a red box. At the bottom, there are input fields for 'Guid', 'Patient Id', 'Information', 'From Created Date', and 'To Created Date'.
