Copyright © Advanced Computer Software Group Ltd 2022

This document contains confidential and / or proprietary information. The content must not be disclosed to third parties without the prior written approval of Advanced Computer Software Group Limited or one of its subsidiaries as appropriate (each referred to as "Advanced"). External recipients may only use the information contained in this document for the purposes of evaluation of the information and entering into discussions with Advanced and for no other purpose.

Whilst Advanced endeavours to ensure that the information in this document is correct and has been prepared in good faith, the information is subject to change and no representation or warranty is given as to the accuracy or completeness of the information. Advanced does not accept any responsibility or liability for errors or omissions or any liability arising out of its use by external recipients or other third parties.

No information set out or referred to in this document shall form the basis of any contract with an external recipient. Any external recipient requiring the provision of software and/or services shall be required to enter into an agreement with Advanced detailing the terms applicable to the supply of such software and/or services and acknowledging that it has not relied on or been induced to enter into such an agreement by any representation or warranty, save as expressly set out in such agreement.

The software (if any) described in this document is supplied under licence and may be used or copied only in accordance with the terms of such a licence. Issue of this document does not entitle an external recipient to access or use the software described or to be granted such a licence.

The development of Advanced software is continuous and the published information may not reflect the current status. Any particular release of the software may not contain all of the facilities described in this document and / or may contain facilities not described in this document.

Advanced Computer Software Group Limited is a company registered in England and Wales with registration number 05965280 whose registered office is at Ditton Park, Riding Court Road, Datchet, Berkshire. SL3 9LL.

A full list of its trading subsidiaries is available at www.oneadvanced.com/legal-privacy

What's New?

NEW

- Added the ability to create a detailed report of completed and failed GP2GP imports and exports.
- For RMS (Enhancements), Referral Reports are now only visible to users logged in under the Privacy Officer and Administrator roles.
- Added 'Enter Application/Client ID' and 'Enter Client Secret' to the screen used for resetting NHS mail passwords to facilitate upcoming changes to Outlook basic-authentication deprecation.

Fixes

- Previously when setting up a weblink, capitalised characters were replaced with lower-case characters upon saving, this is now fixed and will retain capitalised letters.
Case ref: [22880377](#)
 - Fixed an issue where in some scenarios, Document Security did not take effect until the user who clicked confirm logged out and back in.
Case ref: [Found internally](#)
 - Fixed an issue where in some scenarios it was possible for a user to lock multiple documents.
Case ref: [22883619](#)
 - Fixed an issue where in some scenarios a user logged in with the Privacy Officer role was unable to run a Deleted Document report.
Case ref: [22907481](#)
 - Fixed an issue where in some scenarios a user was unable to add a new patient at the point of filing in RMS.
Case ref: [22948573](#)
 - Fixed an issue where in some scenarios selecting users to 'Set Security' while filing a document was displaying an incorrect count of selected users underneath.
Case ref: [Found internally](#)
 - Fixed an issue which caused the previously used text from a stamp to be included in a highlighting annotation.
Case ref: [22974466](#)
-
