What's New?

NEW

- Added a button to clear selected filters within the User Management page
- Users can now have an account under multiple organisations using the same email address, however only 1 account per unique organisation can use the same email address.
- Added a button within the Document Details page to navigate back to the Document List.
- Last Updated field is now returned over the GET Status Update Call for API users

Fixes

- Previously when clicking 'Document Counts' within the Delivery Console, filters were retained. Now the filter will update to the service Status selected and all other filters are cleared
Case ref: [22824689](#)
- Previously, if a user didn't have any user-filter, selecting filter 'None' and applying would show default saved filter instead of blank. The blank filter will now show instead of default.
Case ref: [Found internally](#)
