What's New?

NEW

- Added the ability to delete a document once printed, this will return an 'Accepted A01 – Printed' message to the sender.*
- Added 2 new rejection reasons; 'Deceased/End of life' and 'Invalid document'. We plan to eventually remove REJ06 but the custom reason option will remain available for a period of time, until we are confident that users have adapted to the new reasons. *

**Additional communications have been sent around this.*

- Allowed the ability to capture and send .ODT OpenOffice Documents.
- Users logged in with the 'CCG User' role can now navigate to a specific page within each pane.
- Improved detection of NHS numbers in documents containing USA phone numbers.
- Introduced the ability to add a reason when resolving rejections via the API.

Fixes

- Fixed an issue where the default filter on the Document List was showing deleted documents Case: 22894168
 - Fixed issues relating to organisation changes which would; not persist at the point of saving, disable the submit button or in some specific scenarios, cause a blank screen. Case: Found internally
 - Fixed an issue in which 'Rejection Reason' field was clearing after un-resolving a rejection. Case: 22957070
 - Fixed an issue in which users were seeing a '504 Gateway Time-Out' error when trying to export users within User Management. Case: 22973139, 23047496
 - Fixed an issue which occurred when using 'Update and send' on documents which had failed sending to a MESH site, then onto a Docman 10 site. We also investigated and facilitated handling of documents between EMIS Mesh, TPP Mesh and Docman 10 interchangeably. Case: 22854843
 - Fixed an issue where NHS mail documents which should be merged, were entering RMS as separate documents. Case: 22184359
-
