

RELEASE NOTE

# Docman 10x

Customer Release

Version 2.220.7

**Joanna James, Principal Product Owner**

25/04/2024

# Disclaimer

Copyright © OneAdvanced 2024.

This document contains confidential and / or proprietary information. The content must not be disclosed to third parties without the prior written approval of Advanced Computer Software Group Limited or one of its subsidiaries as appropriate (each referred to as “OneAdvanced”). External recipients may only use the information contained in this document for the purposes of evaluation of the information and entering into discussions with OneAdvanced and for no other purpose.

Whilst OneAdvanced endeavours to ensure that the information in this document is correct and has been prepared in good faith, the information is subject to change and no representation or warranty is given as to the accuracy or completeness of the information. OneAdvanced does not accept any responsibility or liability for errors or omissions or any liability arising out of its use by external recipients or other third parties.

No information set out or referred to in this document shall form the basis of any contract with an external recipient. Any external recipient requiring the provision of software and/or services shall be required to enter into an agreement with OneAdvanced detailing the terms applicable to the supply of such software and/or services and acknowledging that it has not relied on or been induced to enter into such an agreement by any representation or warranty, save as expressly set out in such agreement.

The software (if any) described in this document is supplied under licence and may be used or copied only in accordance with the terms of such a licence. Issue of this document does not entitle an external recipient to access or use the software described or to be granted such a licence.

The development of OneAdvanced software is continuous and the published information may not reflect the current status. Any particular release of the software may not contain all of the facilities described in this document and / or may contain facilities not described in this document.

Advanced Computer Software Group Limited is a company registered in England and Wales with registration number 05965280 whose registered office is at The Mailbox Level 3, 101 Wharfside Street, Birmingham, B1 1RF.

A full list of its trading subsidiaries is available at [www.oneadvanced.com/privacy-policy/](http://www.oneadvanced.com/privacy-policy/)

## Defect Fixes

### SCI Gateway Fix (NSS) – Document Search to exclude Inactive Patients

Internal reference D10-11388 (& sub bug D10-11386)

#### **Problem**

Inactive patients should not be retrieved via API, unless explicitly requested  
(Sub bug) The active flag in the API response shows “True” even for inactive patients

### SCI Gateway Fix (NSS) – -summary=count parameter

Internal reference D10-11489

#### **Problem**

Fix for D10-11183 (\_summary=count parameter) was unsuccessful.

### SCI Gateway Fix (NSS) – Document Reference \_summary

Internal reference D10-11488

#### **Problem**

Fix for D10-11186 which was unsuccessful. When there is an empty folder, it shows links for 'self', 'next' and 'last', even when there is nothing to navigate to – should only show link to 'self'.

### SCI Gateway Fix (NSS) – Patient.id value is incorrect

Internal reference D10-11389

#### **Problem**

Patient.id returned in API is not valid in URL. Amended as follows:  
GetPatientByCHI → Patient/Subject:Identifier - returns all active patients with Patientid.  
Call GetPatientByID → Patient/:patientid - returns patient detail.

### SCI Gateway Fix (NSS) – GetDocumentReference - Return document summary with patient data by the patientid

Internal reference D10-11491

#### **Problem**

GetDocumentReference should return document summary and patient data for the specified patient id, not using CHI.

**SCI Gateway Fix (NSS) – Update API definition to replace URL parameter from “identifier” to “patientid”**

Internal reference D10-11686

**Problem**

Update SCI Gateway API Definition to replace URL (path) parameter from identifier to patientid

**SCI Gateway Fix (NSS) – Amend Patient.Id element**

Internal reference D10-11691

**Problem**

Amend Patient.ID element from SectionItems.Id to SectionItems.Reference value

**SCI Gateway Fix (NSS) - Patient Search using Patient Identifier, Forename (Given), Surname (FamilyName)**

Internal reference D10-11682

**Problem**

To handle duplicate CHI Numbers, when a Patient Search is requested, the query should include all 3 Identifiers of Patient identifier, Forename (Given) and Surname (FamilyName)

**SCI Gateway Fix (NSS) – SCI Gateway: Query Response Links**

Internal reference D10-11684

**Problem**

Resolve issues with Query Response links

Kind Regards, The Docman GP Team
